## Amaranth Lamp Table

FG000069     *Antique Ivory Tusk*

*I discovered the Amaranth structure while playing with modeling clay. The scale gives it great presence. The legs and arms are offset in a play of lines, and the surface has been cut in facets. The table-top uses our antique ivory tusk lacquer - a rich neutral surface that exudes a wonderful sense of age and craftsmanship through the hand applied craquelure.*
